# **Notification of Works**

**Springfield Parkway and Springfield Greenbank Arterial Road Upgrade** INF03219

May 2024

## **STAGE 2 SPRINGFIELD PARKWAY VEGETATION CLEARING**

In preparation for the duplication of Springfield Parkway from Topaz Road towards the Springfield Greenbank Arterial intersection, vegetation clearing within the new road corridor will occur. It is anticipated the works will take up to eight weeks to complete, weather permitting.

#### WORKS WILL INCLUDE:

- Selective vegetation clearing within Springfield Parkway road reserve from Broadwater Road Roundabout towards the Stage 1 Springfield Parkway Springfield Greenbank Arterial intersection.
- Sustainable reuse of mulch within the road reserve corridor.
- Sustainable translocation of existing fallen vegetation within the road reserve corridor.

## WHEN WILL THESE WORKS TAKE PLACE?

Start	Late May
Duration	8 weeks
Time and	7am – 5pm
day	Monday to Friday

#### WHAT TO EXPECT?

- Clearing of a section of vegetation within the road corridor.
- Mulching and translocating of vegetation.
- Presence of a wildlife spotter catcher for the duration of works.
- Strict environmental controls in place for the duration.
- Some minor noise and dust associated • with these activities. Every effort will be made to minimise these impacts.
- lpswich.gld.gov.au

Temporary footpath closures near the work areas will occur and alternative pedestrian routes will be signed.

**Ipswich** 

- All clearing will occur on council land.
- There will be minimal impacts to traffic during these works.

**Springfield Parkway Clearing Location** 

## THANK YOU

The project team apologises for any inconvenience during these works and thank you for your patience as we construct this vital infrastructure for in the Springfield region.
