EVENT SPONSORSHIP

Overview

The Event Sponsorship Program provides funding to support a range of event sponsorship opportunities for eligible community organisations and businesses to hold events that activate the City of Ipswich and generate benefits for our communities and businesses.

Through the Event Sponsorship Program, council aims to support events that celebrate, develop and engage the city's communities. Council recognises the important contribution events make to the economy and cultural ecosystem of the city.

The positive economic impact and interest in a community that a successful event can provide not only helps to build a sense of local pride but can also strengthen the community as a whole.

Council recognises that events are also key drivers for tourism visitation, growing the local areas capacity for destination brand identification, attracting business and new residents to the region and driving social and community sporting and recreation events.
